ENERGY EFFICIENCY

GUIDE

Take Action

Follow this checklist to make smart energy choices.

✔ Switch Off Your Lights

Turn off the lights when you leave a room.

Savings: \$25.80/month
(per 10 ceiling lights)

✔ Turn Off Your Computer

Make sure that your computer is off, especially the weekend.

Savings: \$2.01/month (desktop)
\$0.60/month (laptop)

✔ Use a Power Strip

Turn off the flow of electricity with one switch.

✔ Turn Off Your Hand Tools

Turn off your soldering iron and other hand tools when they are not in use.

Savings: \$0.81/month

✔ Switch Off Your Fan

Turn off any appliances when you are not using them.

Savings: \$0.40/month

✔ Switch Off Your Desk Lamp

When you're done with your desk lamp, turn it off.

Savings: \$0.81/month

Note: Based on the average commercial price of electricity in Monterey (\$0.12/kWh), calculated at the average work month of 160 hours, multiplied by the cost of wattage an hour.
